

Cheshire Care Record – 767,000 individuals

Cheshire Care Record – 767,000 individuals

- 1 There is no legal basis under CLoC for the disclosure of personal confidential information, *for secondary uses*, outside of the care team**
No explicit permission of the individual, no legal obligation, not mandated under COPI 3(4)/COVID-19
Not overwhelmingly in the public interest (“life or death”)
This is not a disclosure purely for direct care purposes
There is no approval under Regulation 5 of COPI 2002, by CAG, for any such disclosure (Class 6 support)
- 2 There is no legal basis under CLoC for “CoCH” to access, hold, link, and analyse personal confidential information *for secondary purposes***
No explicit permission of the individual, no legal obligation, not mandated under COPI 3(4)/COVID-19
Not overwhelmingly in the public interest (“life or death”)
This is not processing for direct care purposes
There is no approval under Regulation 5 of COPI 2002, by CAG, for any such processing (Class 4, 5, 6 support)
- 3 There is no legal basis under CLoC for “CoCH” to deidentify personal confidential information for secondary purposes**
This is not processing for direct care purposes
There is no approval under Regulation 5 of COPI 2002, by CAG, for any such processing (Class 1 support)
- 4 There is no legal basis under CLoC for “CoCH” to disclose personal confidential information for secondary purposes**
This is not processing for direct care purposes
Pseudonymised datasets consisting of very large amounts of linked medical information remain personal confidential information
There is no approval under Regulation 5 of COPI 2002, by CAG, for any such processing (Class 6 support)
