Application Title	Yorkshire and Humber Care Record (YHCR) Population Health Management (PHM) for non-research purposes	
Application Summary	<p>This application from Humber Teaching NHS Foundation Trust set out the purpose of creating a Population Health Management Solution, which will allow organisations in the Yorkshire and Humber Region to request and receive data for non-research purposes, as part of the Local Health and Care Record Exemplar (LHCRE) Programme.</p> <p>Population Health Management is a technique for local health and care partnerships to use data to design new models of proactive care and deliver improvements in direct care resulting in a positive impact upon health and wellbeing of patients. This will take advantage of digital technologies and data analytics that can be used to prevent avoidable delays in diagnosis, unnecessary repeat tests and reduce clinical uncertainty that can slow down the speed at which people are able to begin to receive the treatment and care they need. The main aims of this work are to</p> <ul style="list-style-type: none"> • Improving the physical and mental health outcomes and wellbeing of people, whilst reducing health inequalities within and across the Yorkshire and Humber region. • The reduction of re-occurrence of ill-health, including addressing wider determinants of health, and requires working with communities and partner agencies. • Addressing the wider determinants of health to early intervention, primary, secondary and tertiary disease prevention. <p>Support is requested for the transfer of confidential patient information from participating organisations in the Yorkshire and Humber region to Humber Teaching Hospitals NHS Foundation Trust. The NHS number of patients will then be collated and sent to the NHS Digital's National De Identify / Re-Identify service, who will return a pseudonym. This will be applied to the data to render it pseudonymous prior to the person requesting access to view the data for analysis on the Humber Teaching Hospitals NHS Foundation Trust system.</p>
